TEN CENTS PER WEEK

DETECTIVES ARE INVESTIGATING I. C.'S SCANDAL

Chicago Record-Herald Says Car Repairing Case Is Under Probe.

Employees Said to Hold Stock in Concern.

THAT GOT COMPANY'S BUSINESS.

The Chicago Record-Herald says: Despite repeated denials by President J. T. Harahan and other high officials that conspiracy exists through the workings of which the Illinois Central railroad has been defrauded out of hundreds of thousands of dollars, it became known yesterday that for months detectives have been conducting an investigation with astounding results. It is also said on good authority that important arrests are expected within a short time and that several high officials may be caught in the net.

It is said on good authority last night that the loss to the company because of the conspiracy may reach \$1,000,000, when the investigation is concluded. It is intimated that the real cause of the investigation was the fact that reports reached President Harahan to the effect that Henry C. Ostermann, head of the Ostermann Manufacturing company, which holds large contracts for repairing cars for the company, was causing a sensation in certain circles by spending large sums of money and using \$50 bills to light his cigars.

President Harahan is quoted as saying at that time: "I see in the papers that Ostermann is lighting cigars with bank notes of large denominations, and think it is time we took over our business dealings with the company he represents." Report has it that it was then that W. J. Burns of the national detective agency was consulted and fifty or more detectives put to work making an investigation. The developments to date are: Positive proof that the company has been defrauded out of large sums of money.

Persistent rumors that the conspirators are not common employees, but are men in high positions and that the alleged crooked operations had to do with the car repairing department.

Information that the guilty men are known, together with their methods of defrauding the company and that arrests are expected soon.

The making public of the fact that Mr. Burns of the detective agency just returned from Memphis and that the investigation covered the entire system of the road.

GRIFFITH

CASE IS AFFIRMED BY COURT OF APPEALS.

Sensational Suit That Originated in the McCracken County Court.

The appellate court yesterday affirmed the decision of the McCracken circuit court in the Griffith-Griffith will contest, that the will offered for probate by Attorney M. E. Gilbert was not genuine. This closes a hard fought case from the county court, and one which excited much interest.

In county court Jan. 1908 Attorney M. E. Gilbert offered to probate a will of Mrs. Alma Griffith, wife of the late W. Y. Griffith. Evidence was introduced that Mrs. Griffith was ill on the day that the will is alleged to have been signed in the office of Attorney Gilbert, and the genuineness of the signature was attacked. By the terms of the will Gilbert was named as executor of the estate and guardian of the two children, and was to receive ten per cent of the estate. In county court the will was rejected, and an appeal to the McCracken circuit court was taken. After a bitter trial the circuit court sustained the decision of the county court, and appeal was taken to the appellate court, which affirmed the circuit court.

Lightning struck the home of J. W. Engert, in St. John's vicinity, last night, but did little damage. The lightning followed down through a cistern, cracking the walls and damaging the cistern. Nobody was hurt. A large tree on Tennessee street near South Third street was blown down, but no damage was done.

Secretary of the Manufacturers' Association Arrives in Paducah to Take Hand in Strike Situation

President Baker of Leather Workers' Union Will Deliver Address at Open Meeting Tonight.

Presence in the city of Mr. Henry Olhaver, secretary of the National Leather Manufacturers' association, adds a new factor to the local strike situation, which may complicate matters or clear up the situation. Only time will tell. This is the organization to which M. Michael & Brother belong.

He registered at the Palmer House today and met Mr. Michael this morning. During the day there will be conferences between Mr. Michael and President A. M. Baker, of the International Leatherworkers' union. Tonight at 7:30 o'clock President Baker will address an open meeting in the Owl's hall, on North Fourth street, to which all friends of organized labor are invited.

This morning President Baker said: "I hope we will be able to settle the local strike before I leave. I am glad to say that in this strike, which is nationwide, we have not had a single report of disorder. That is something we will not stand for. We took in over 900 men before the strike, and command the situation."

The demand is for an eight hour day and 15 per cent increase on piece work.

Last night a conference between the national president, A. M. Baker, members of the local union, No. 2, and Mr. Michael, of Michael & Brother, was held.

This morning at 9 o'clock the members of the union held their regular morning meeting, at which President Baker was present. This afternoon the members of the union met with President Baker and Mr. Michael for the purpose of reaching an agreement if possible.

CAPTAIN HARRY DAVIS' CASE IS POSTPONED

Smithland, Ky., April 15. (Special.)—The trial of Captain Harry Davis, of the steamer "Liberty," charged with interfering with an officer in the discharge of his duty, was continued until the next term of court by the commonwealth. While under arrest a year ago, Captain Davis was in the custody of Sheriff W. D. Bishop, when the "Liberty" was detained and the steamed down the river opposite Paducah while a pitched battle ensued between Sheriff Bishop and his deputy and the crew.

ANOTHER CLEW.

Can it be that the name of the murdered boy is Coy McHaffey? This afternoon Wallace Keebler brought to Sheriff George Houser and Detective James Collins a piece of paper with the above name scribbled on it in several places. He says that he saw the dead boy write on the paper Saturday. Since the murder Mr. Keebler found the paper, and it is believed that the boy scribbled his name on the paper. The paper is a circular letter sent out by the Union Trust company. No address is on the paper.

Paducah Has Best Streets and Dairy

Paducah profited by the visit of Mrs. Caroline Bartlett Crane, of Kalamazoo, Mich., not only through the consequent stimulus to sanitation, but by the advertisement as well. Mayor Smith has received a communication from a woman writer, who said Mrs. Crane told her Paducah has a model dairy, good slaughterhouses and remarkably clean streets. It is probable that President Richard Rudy, of the board of public works, will send photographs as the request and photographs of the dairies and slaughterhouses also will be forwarded.

The writer, Mrs. Helen Bennett Maupin, of White Plains, N. Y., says: "Mrs. Caroline Bartlett Crane, of Kalamazoo, Mich., has advised me to write to you for assistance with regard to an article I am writing. I am anxious to illustrate cities having good methods of street cleaning, milk and meat supplies. Mrs. Crane assures me that you have all three, and

COTTON FAMINE.
New York, April 15.—The world is nearer a famine as regards raw cotton than at any time since the war, is the prediction made today by Hutton & Company, one of the largest cotton brokerage firms. They declare that under the most favorable conditions the crop will not be over twelve million bales.

Mayfield News

Sixteen Club Entertained.

Mayfield, Ky., April 15. (Special.)—The sixteen club was most delightfully entertained Thursday evening by Miss Lunn Thormond, assisted by her sister, Miss Essie Douthett. Miss Marjorie Happy was the lucky young lady contestant in the riddle games and she was awarded a beautiful hat pin. Mr. Jewell Taylor received the gentleman's prize, a set of gold shirt buttons. Miss Catherine Carney was awarded the consolation prize. A spelling contest was held, which tested the wits of all and Miss Ruth Beaumont received the prize, which was a beautiful pearl necklace. Delicate refreshments of angel food and cream in the shape of pink roses were served to the following: Misses Ole Hippy, Ruth Beaumont, Pauline Pittman, Mary Ridgeway, Virginia McKinnin, Marion Hippy, Kathrine McWay and Grace Cogswell; Messrs. Harry Norman, Harry Weaver, Jewell Taylor, Wilson Baugh, Charlie Albritton, Slaydon and Iva Covington, Norman Harris and Jim Lechridge.

Suits Filed in Circuit Court.

Wilhelma D. H. Grief and Fred Preece filed suit against Sheriff George Houser to set aside a judgment. Property of Ohio street near Sixth street was sold by Sheriff Houser to William Lydon upon order of the court for the satisfaction of a judgment given G. W. Katterjohn for public improvements made. The plaintiff seeks to set aside the sale because proper notice is alleged not to have been given.

E. D. Thurman filed suit against B. T. Westbrook for \$1,646.85, alleged due on two promissory notes. A sale of land in the county is asked to satisfy the judgment.

BORNEMANN WARD FOR RIVERSIDE

BOARD DECIDES TO EXTEND HOSPITAL IN REAR FOR THIS PURPOSE.

In order that a ward provided for in the William Bornemann at Riverside hospital may be equipped, an addition to the hospital will be built. Yesterday afternoon the hospital board met and decided to erect an addition to the rear of the hospital. The hospital is built on the plan of a cross, and at any time it will be possible to extend wings at the east end of the main hall. Besides the Bornemann ward, the addition will be utilized for the accommodation of the nurses.

SUSPECTS HELD AT COUNTY JAIL TEN DAYS LONGER

Both Are Sentenced in Police Court on Charge of Vagrancy.

Generally Believed Drunken Row Was Cause.

VICTIM'S MOTHER MAY COME.

Developments in the murder case today were the sentencing of the two suspects, Bert Guire and Albert Hale, to 10 days each in the county jail for vagrancy, and the receipt of a letter from Mrs. Lum Thompson, mother of Luther Thompson, supposed to be the victim of the murder.

Chief of Police Henry Singery has succeeded in locating Mrs. Lum Thompson, mother of "Red" Thompson, at Birmingham, Ala. This morning he received two letters from her, stating that she had read newspaper accounts of her son's death here. Both letters were dated April 13 and one indicates that "Red" Thompson had money as she said she supposed he had enough to pay the burial expenses.

Mrs. Thompson said she was a poor woman and did not have means to come to Paducah. She asked that the body be turned over to the undertakers and given a decent burial.

In order to have the body positively identified the county officials here may send Mrs. Thompson a railroad ticket and pay her expenses to Paducah and return. If she identifies the corpse as that of her son the body will be buried here.

Neither letter said anything concerning the whereabouts of the murdered boy the week before. Mrs. Thompson asked for full details of her son's death. She resides at 127 1/2 South Twentieth street, Birmingham, Ala.

Held as Vagrants.

This morning in police court Bert Guire and Albert Hale pleaded guilty to charges of vagrancy (in not working and in sleeping in railroad box cars). They were sentenced to ten days each in the county jail and were immediately handcuffed together and taken back to begin their sentence. At the end of the sentence both will be liberated unless the circuit court grand jury indicts either or both for connection with the murder of the Thompson boy. The court room was crowded when Judge Cross opened the session this morning but no questions were asked the two boys. Their charges were read and when Guire was asked concerning it, he replied: "Guilty, Judge. In that way." Hale pleaded guilty immediately.

The theory that Thompson was killed just before dawn last Sunday morning in the woods on the Pool road by reason of his body being warm when discovered at 9 o'clock, is substantiated by a statement made by Mrs. Lizzie Green, who conducts a bench on the city market. Mrs. Green lives just beyond the grocery of A. T. Langley in Littleville, and she brings her garden products to Paducah early every morning. Mrs. Green said she was up between 3 and 4 o'clock Sunday morning and her attention was attracted to three young men going down the Pool road in the direction of the Union station. She said she was unable to describe them on account of the darkness, but says one of the trio appeared to be drunk. One of the others had a stick or something in his hand and was driving the drunk boy on. The third was following. Their voices were raised and this is what attracted her attention. She was unable to tell what they were saying. When Thompson's body was found it was slightly warm, and according to Acting Coroner C. W. Emery and Undertaker Nance & Rogers, he could not have been dead over three or four hours when found at 9 o'clock.

Detective Collins refuses to talk about the case, but admitted that there was some proof against Hale or Guire.

The circuit court grand jury convenes next week. The sentence given Guire and Hale will expire on Sunday, April 24.

Drunken Brawl.
The youth, whoever he was, was killed Saturday night during a drunken brawl in a field along the Pool road. This is the generally accepted theory concerning the murder, which was discovered Sunday morning. A trio, of which the dead boy was one, seen going that way with plenty of whiskey, and an empty whiskey bottle found near the scene of the crime, lend color to the theory.

Earth Yawns and Engulfs Houses in Cities of Costa Rica--Many People Killed and Property Lost

Colon Receives Meager Report Which Indicates That Earthquake Did Great Damage in Central America.

Colon, April 15.—Reports from the interior today say that towns were wrecked and the loss of life is heavy as the result of earthquakes that have shaken the whole of South America. There is no definite report of the loss of life, but it is believed scores were killed. Cities in the interior are practically deserted. At San Jose, capital of Costa Rica, thousands left town and camps were thrown up around the city. Cartago, Liberia, Palara and San Ramon are reported to have suffered severely. It is believed the Sierra de Tilaran mountains are the center of the quake region.

A dispatch from San Jose this morning said the loss of life there was heavy. Port Limon makes the same report. It is said the quakes were growing more violent this morning. The property loss is tremendous. In mountain towns the earth opened and engulfed scores of houses. Business was suspended throughout the republic. Communication is interrupted.

FANCY FARM KNIGHTS WILL HAVE LARGE CLASS.

Next Sunday a class of 50 candidates will be initiated by the Fancy Farm council of Knights of Columbus, and the members of the Paducah council have been invited to participate in the ceremonies. The Fancy Farm lodge was instituted by the Paducah lodge last year, and is growing rapidly. About 60 Paducah Knights of Columbus will attend the exercises. They will leave Paducah Sunday morning at 6:30 o'clock for Mayfield, where they will drive overland to Fancy Farm. Returning the majority will arrive Monday morning at 1:30 o'clock. Following the initiation of the class a banquet will be served and a pleasant day is assured for all members of the lodge present.

Got No Money.

Sadly disappointed burglars were those who broke into Bond's pharmacy at Ninth and Tennessee streets early this morning. Mr. Roy Bond found a panel of the side door cut out this morning, when he opened his store, and the cash register and safe doors open. All the money taken in yesterday was removed from the safe and register before the store was closed last night and as nothing was missed this morning it is presumed that the desire of the burglars was for money only. The housebreakers left no clew.

Invite Factory Inspector.

As a precaution against accidents to children working in factories, the Central Labor Union has authorized that a letter be written to Pat Ellburn, state inspector of labor, asking him to visit Paducah, and make an inspection of the factories.

MRS. MATTIE JORDAN DIES FROM HER BURNS

Little Cypress, Ky., April 15. (Special.)—After lingering until last night, Mrs. Mattie Jordan, who was burned in Mayfield Wednesday, died at 9 o'clock. Little hope for her recovery was held since the accident. The funeral took place this afternoon at the Baptist church with the burial in the Little Cypress cemetery. The Rev. S. R. Rudolph officiated. Mrs. Jordan is survived by two children.

TAKING CENSUS IN RECORD TIME

FIRST ROUND WILL BE MADE IN FIVE DAYS BY THE ENUMERATORS.

Washington, April 15.—Officials expect to take the census, begun today, the shortest on record. The first round of the count is due in five days. The first count is expected to be within 100,000 of the total.

Might Be Her Boy.

Acting Coroner C. W. Emery received a letter this morning from Josephine Dwyer, 5834 Romaine place, St. Louis, asking for a description of the dead boy. She says her boy is missing and she fears he has met with foul play.

CITY'S DEMAND OF FRANCHISE TAXES TOTALS \$17,739.96

Some Corporations May Resist Effort of City to Collect From Them.

Southern Express Company First to Pay.

MOST OF THEM THREE YEARS.

It is probable that some law suits will be required to settle the back assessment of franchises in Paducah. One or two of the corporations indicated, either a desire to resist payment or to compromise with the city. Treasurer Walters, who has the matter in hand, declares he cannot compromise any of the items. The aggregate amount which the city has notified corporations they owe, is \$17,739.96. This \$1.85 on the difference between their assessment and what they have paid.

The Southern Express company is the first one to pay up, its tax for five years being \$55.28.

It has been found that in many cases the city having exercised its right to assess franchises up to three years ago, nothing could be collected for 1905 and 1906, while in the cases of the Henting company taxes on its franchise for 1905 and 1906 only are to be collected, as there was no assessment made those years, and the claim is for omission. The Home Telephone company's assessment is for 1908 and 1909 for omission.

The Western Union Assessment is for 1905 and 1906, when there was no assessment, the company contending that by compromise of a lawsuit, the city agreed to accept a pole tax of \$1 in lieu of franchise and license. It paid before and since, and the city insists on the payment for those two years.

The American District Telegraph company's assessment is for five years, as is the American Express company and the Paducah & Cairo Packet company. The City Water company, Paducah Traction company and Paducah Light and Power company are for three years.

The amounts claimed by the city are:

City Water Co.	\$2,358.75
Paducah Traction Co.	5,696.41
Paducah Heating Co.	432.50
Paducah Light & Power Co.	7,528.48

American Dist. Tel. Co.	289.26
Home Tele Co.	987.16
Am. Express Co.	43.00

SHERIFF JORDAN WINS IN CALLOWAY CONTEST

Murray, Ky., April 15. (Special.)—Sheriff Jordan drew first blood in the contest in circuit court today, when Judge Hanberry sustained his demurrer to the petition of Holland, Jordan, Republican, defeated Holland, Democrat, at the election, and Holland contested. The court rules that Holland has no ground of action.

Odd Fellows Band

Steps are being taken by the Odd Fellows' lodge of Paducah to organize a military band of 30 pieces. The annual reunion of the Ohio Association of Odd Fellows is to be held April 26 at Golconda, Ill., and they hope to organize the band for that event.

PADUCAH PRESBYTERY BEGINS SESSION TODAY

Paducah Presbytery, of the Presbyterian church, south, will convene this evening at 7:45 o'clock at the First church. The Rev. C. N. Wharton, of Morganfield, will preach the opening sermon tonight, after which a moderator will be elected. Tomorrow will be devoted to the business of Presbytery, and Sunday the Rev. H. W. Burwell will be installed as pastor of the First church. All the sessions are public.

What Sandy Said.

A group of Scotch always were met convivially at an Ayrshire inn one cold evening last December. The conversation turned upon pronouns.

"Now, I," said one of the barkeepers "always say neither, while John here, says neither. What do you say, Sandy?"

The hot tippie had made Sandy doze, and at the sudden question aroused and replied, "I? Oh, I say whiskey."—Lippincott's.

News of Theatres

These real funny, clever boys, Dalley and Austin, have at last come into their own and when "The Top O' the World" is given at the Kentucky theater on Wednesday, April 20, it will become apparent that their vacations have not been devoted to

Among the score of native and foreign troupes engaged this season for the Greater Norris & Rowe circus there are three troupes that stand out with prominence by reason of their number and the startling feats they accomplish in mid-air and upon the ground. These troupes are The

FRIDAY, APRIL 15.

Daily Thought.
Kind words heal friendship's wounds.—French.

The Big Stick is now operating on the ball diamonds.

The Caldwell County News has reached the limit. It says the cost of living is prohibitive.

Louis Dodd, editor of the Lyon County Herald, has been appointed guard at the Eddyville penitentiary. Louis should be warned against lending any of his salary to the other first district editors.

President Pro Tem Conn Linn, of the state senate, appeared before the Franklin county grand jury to testify in regard to alleged bribery at Frankfort; though it is not suspected that it was a member of the legislature, who robbed Senator Linn at the Seelbach.

The Murray Ledger says: "A number of the western Kentucky papers have contained a news item the past few days reporting to be from Calhoun county to the effect that a W. H. Sullivan had received a note signed 'N. R.' warning him not to grow a crop of tobacco, stating that Sullivan was a citizen of this county. We regret that such a report is given publicly for the reason that it is absolutely false."

We call Ed Leigh's attention to the fact that this story didn't emanate from The Evening Sun office.

FOOLING OURSELVES.

The newspapers that talk about the Democratic party or the Republican party fooling the people with little influence; in the first place, because such an assertion is silly, and in the second place, because every member of the party accused takes the assertion as personal. The national Republican party numbers considerably more than half the voters of the whole nation, and to declare that a majority of the people have been "fooling the people" is to condemn majority rule. As a matter of fact, the Republican party couldn't be accused of fooling the Democrats; it must be fooling the Republicans, if it is fooling anybody, and thus we have the charge that a majority of people are fooling themselves. The national Democratic party consists of nearly half the voters of the nation. It hasn't fooled anybody unless it has fooled its own members, who vote that ticket. If those papers, which make such assertions, mean that certain politicians of these parties have fooled the voters, they should exercise nicer discrimination in the selection of words, and they would find therein a clarity of reasoning and expression, that would change their whole attitude toward party government.

LOOK AHEAD.

We suspect that the "Back to Jefferson" cry is actuated more by the fact that Jefferson won, and a desire to find out how he won, than by a desire to apply the principles underlying Jefferson's policies to present day problems. But we can assure those who talk about "Back to Jefferson" that the great statesman won by understanding his own times and interpreting the spirit of it in his policies. We may lack some of the harder

virtues of that early day; but in many other respects we have progressed, and, certainly the practical political methods of Jefferson's times would be abhorrent to our sense of right today. We have problems thrust upon us, that, perhaps, Jefferson did not dream of. The world is not standing still, and we are swept along with the development, whether we are in accord with its spirit or not. Jefferson and his contemporaries availed themselves of the wisdom of their predecessors and were warned by their mistakes, but Jefferson had questions to decide in his time, which never confronted any other statesman under like conditions. Where he failed to find precedent, he made precedent.

This country has expanded in its functions and also in its capacity. The student of history learns much from Jefferson's policies, and one thoroughly familiar with that great statesman's policies and principles, unconsciously will go "Back to Jefferson" for guidance in matters of state; but, if he himself would rank as a statesman, he must keep ever in touch with the spirit of his own times and his eyes to the course. A helmsman for the ship of state, who keeps his eye on the chart instead of the course, will certainly hit one of the rocks he finds charted. We want helmsmen, who have thoroughly combed their chart and know where the rocks and the shallows and the bars are located, so that they can use their vision to avoid the dangers, not to find them.

SUFFRAGETTES.

It is said suffragettes will send their regrets to President Taft for his anti-suffrage sentiments last night. If President Taft had sent his regrets when he was invited to speak, this would have been avoided. A man should either shun suffrage conventions or be prepared to be like a gentleman. It offends those, who expect the extension of popular suffrage to women to care all social ills, to be reminded that there are bad women as well as good women, and that the bad women will vote, whether the good ones do or not. That was the point made by the president, and he left the inference that when the time comes and all women are sufficiently interested to assure their use of the ballot, the suffrage will be extended to them. Those, who have sentiments antagonistic to their views, indicate a lack of restraint that doesn't speak well for their ability to use the ballot any better than the average man.

THE PUBLIC FORUM.

In the Editorial Chair.

Newspaper readers who are supercritical and find much fault with their papers because of the typographical errors and misstatements of the sort which must inevitably slip past the most careful copy and proof readers should all have an opportunity to read what the Rev. Malcolm James McLeod, a Presbyterian clergyman of Pasadena, Cal., thought of newspaper work after he had passed a single day as editor of The Star, in that city:

"My time is now almost up as I pen this last line; my hand is almost paralyzed; my brain is beruffled, and I am free to confess that I am right glad to vacate the holy spot. Such rush and riot and disarray. Such a jumble and pot-pourri. It strikes me as the daily effort to bring order out of chaos, and to do it lightning-like quick. I am reminded of the memorable words, 'The earth was without form and void, and darkness was upon the face of the deep. And the spirit moved upon the face of the waters.' Never shall I criticize newspaper men more. I will pray for them. They will have my heart's forbearance henceforth and forever, the hardest-worked, shortest-lived, poorest-paid brain workers on this weary old world of ours."

If more men of Mr. McLeod's dis-

crimination could be afforded the opportunity to learn the exact conditions under which the daily newspaper is produced, there would doubtless be less disposition to find fault, and it would become clear why it is sometimes undotted and commas omitted.—Nashville Tennessean.

DETECTIVES ARE

(Continued From Page One.)

President Harahan had suspicions that all was not right. He left for the east, but at the time denied he was making a private investigation or had any suspicion that a conspiracy or graft existed in connection with the conduct of the road's affairs. He again made denial upon his return.

Search Put at Work.

It was said that President Harahan soon found enough to lead him to believe the road was being defrauded and upon his return laid the facts before Mr. Burns and at the same time employed the detective agency to make a thorough investigation. Seventy-five sleuths were put to work on the case. They visited many large cities and it is said detectives were given employment with the railroad company and put to work in different offices and departments where they were able to watch certain suspected persons. Reports were made to headquarters each day and it is practically admitted it was but a short time before actual proof of a conspiracy was found. It was then Mr. Burns left for the south and other cities. He refused last night to give any particulars concerning the case, but did not deny he had been employed by the railroad and outlined sensational developments might be expected at any time.

"Is it true you have been investigating an alleged conspiracy among persons connected with the Illinois Central railroad?" Mr. Burns was asked.

"That fact seems to be pretty well known," he answered.

Mr. Burns said no arrests had been made and referred his interviewer to President Harahan. President Harahan refused either to affirm or deny that there had been an investigation. Attorney Hewitt Lee and other officials of the road refused to discuss the case.

Employees Hold Stock.

In just what manner the fraud was committed has not been learned, but it is said to have been by means of false bills, which were permitted to go through the auditing department either purposely or by carelessness on the part of certain employees and officials. President Harahan, it is said, permitted 24,000 "bad order" cars to pile up, and there was no time to wait for the repair in the shops of the company. It was decided to "farm" out a large portion of the cars, and it is understood 12,000 were sent to the works of the Osterman Manufacturing company, for repairs. Soon it was agreed that no more cars should be sent to the Osterman company unless the company would enter into a contract to permit the purchasing agent of the railroad to buy the lumber. It was about this time, it is said, that complaints were made as to repairs, and an investigation was begun which is said to have resulted in the discovery that certain Illinois Central employees held stock in the Osterman Manufacturing company. Several are said to have been discharged at the time, and others, it is reported, surrendered their stock.

THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

An excellent aid in the prevention of coughs, colds, pneumonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone, prices 50 cents and \$1.00. Sometimes a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Paducah only at our store.—The Rexall Store.—W. B. McPherson, 425 Broadway.

TALK ABOUT FEET.

Troublesome Skin Affections Put to Rest by Poslam.

A recent exchange of experiences between ten persons developed the fact that nine of them were suffering from foot trouble which caused continual annoyance and serious concern. According to those who know, the best thing to do when the feet are tired, inflamed, itching, chafed or broken out is to apply a little poslam and note how quickly the difficulty will vanish.

Poslam is the new skin remedy which so rapidly combats the worst cases of eczema and all skin troubles, stopping all itching with the first application. It makes quick work of acne, herpes, tetter, scaly scalp, barber's and every other form of itch. Occasional applications in small quantities will quickly banish pimples, bites, blackheads, blotches, etc. A special 50c package of poslam is prepared for those who use poslam for minor skin troubles, and this, as well as the regular two dollar jar, is on sale at Gilbert's and R. W. Walker Co.'s, as well as all drug stores.

But no one is even asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

SUSPECTS HELD

(Continued From Page One.)

The frenzy of the attack probably resulted in his receiving a harder blow than his assailant anticipated, and then with maddened logic the murderer, or murderers, proceeded to strip the dead youth of his clothing and all marks of identification.

What direct evidence the police have, connecting the two men in jail with the crime, they have not seen fit to make public, but they continue to hold them and there are circumstances that justify suspicion unless explained away. Guire and Thompson were friends, and it is said, were seen together here just prior to the crime. Shoes taken from Guire's feet are said to fit the dead boy, even to the marks of laces on his socks, but that may not prove anything, as shoes go by sizes. Clothing, associated with the crime, has been found. Guire and Hale do not tell entirely satisfactory stories, concerning their whereabouts and the length of their stay in Paducah.

It is not likely that the dead boy had money on him, and the first theory that he was driven out of a house in the vicinity of the field, where he was killed, seems untenable. He may have been as much to blame for the inception of the trouble as his slayer. It seems to be one of those horrible crimes of which only the depraved and bestialized dogs of humanity are capable of committing, when under the influence of overwhelming brute passion, as the imprints of the terrible blows on the dead youth's head testify, and the stripping of his body after the crime.

B. M. ALLEN

Jug and Bottle Trade a Feature— "Moore & Moore" Whisky Constitutes a Leading Brand.

For many years the New Richmond bar has been one of the most popular refreshment resorts for Paducah men, tourists and travelers visiting this city. Its favor, however, has never been higher than under the proprietorship of B. M. Allen, who has had charge of the business since 1904. Mr. Allen has kept the standard of the place up to the highest possible degree and has exerted the utmost judgment in selecting the purest wines and liquors for his patrons. The bar is maintained for individual users and is elegantly fitted up, the fixtures and facilities kept in the perfection of cleanliness and the service is of the highest possible class. In this establishment an appetizing liquid refreshment such as a glass of Rhine wine, Hungarian or Austrian wines, imported direct; Tokay, Moselle, Sherry, Port, Burgundy, Claret or Amontillado may be discussed, while the finest brands of Kentucky Bourbon or Scotch whiskies, fine brandies, English ale or Porter and special beers of imported and American brands are served to those who prefer. Skilled attendants deftly mix fancy drinks to order, such as cocktails, highballs, mint-juleps, cream de menthes and the famous Pousse-Cafe. As recently as December, 1909, Mr. Allen inaugurated a jug and bottle trade in which the finest "Moore & Moore" whiskey and other "original package" liquors are sold to patrons and this department is appreciated by buyers of liquors for buffet and table uses. Mr. Allen is personally popular with the trade, being a man of cordial manners who has the ability of making friends without effort. He is esteemed in Paducah for his general good citizenship and numbers his friends in this vicinity by the score.

A Trip to Hot Springs

Would do wonders for you at this season of the year; the health-giving waters would set you up for months to come. But it would cost "money" and lots of it; takes time, too.

Save the time and money by taking NYAL'S HOT SPRINGS BLOOD REMEDY. It is an efficient and reliable remedy for impure blood, acrofula, hives, pimples, skin eruptions, tetter, eczema and all derangements of the blood and skin.

One Dollar

Is the price per bottle and we heartily recommend it.

In Bankruptcy.
The first meeting of the creditors in the bankruptcy case of Charles H. Crouch was set for this afternoon.
Marriage Licenses.
E. M. Stiles, 28, of Iowa, well driller and Syble McIntosh, 25, of Iowa.
WITH THE SICK.
Mr. James Denton, a prominent farmer of Woodville, is seriously ill of pneumonia.
Dr. W. P. Gardner, of Carversville, Ky., is rapidly recovering at Riverside hospital.
Miss Ruby Parker, who was seriously injured several days ago at the plant of the Paducah Box and Basket company, is steadily improving and her complete recovery is expected.
Mrs. Frank Baker received a letter yesterday from her brother-in-law, Mr. James W. Baker, at Hot Springs, Ark., stating that her husband's condition had taken a change for the worse. Mr. James Baker was expected home today and it is likely that Mr. Frank Baker will return with him if he is able to stand the trip home.
County Diplomats.
The state school superintendent will issue 32 county diplomas to pupils of the McCracken county schools. The diplomas have not been received by Superintendent Fieger, but they are expected to arrive this week. As soon as signed by the county school superintendent and board of examiners, the graduates may call at the superintendent's office and get their sheepskins.

BLACK AND RICH.

Is the Way Postum Should Be.

A liquid food that will help a person break a bad habit is worth knowing of. The president of one of the state associations of the W. C. T. U., who naturally does not want her name given, writes as follows:
"Whenever I was obliged to go without coffee for breakfast a dull, distracting headache would come on before noon. I discovered that, in reality, the nerves were crying out for their accustomed stimulant.
"At evening dinner I had been taught by experience that I must refrain from coffee or pass a sleepless night. While visiting a physician and his wife I was served with a most excellent beverage of their dairy and elegant table and, upon inquiry, discovered that this charming beverage was Postum and that the family had been greatly benefited by leaving off coffee and using Postum.
"I was so in love with it, and so pleased with the glimpse of freedom from my one bondage of habit and so thoroughly convinced that I ought to break with my captor, that upon my return home I at once began the use of Postum and have continued it ever since.
"I don't know what sick headache is now, and my nerves are steady and I sleep sound, generally eight hours. I used to become bilious frequently and require physic; now seldom ever have that experience.
"I have learned that long boiling is absolutely essential to furnish good Postum. That makes it clear, black and rich as any Mocha and Java blend. Please withhold my name, but you may use the letter for the good it may do."
Read the little book, "The Road to Wellville," in pkgs. "There's a reason."
Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

IN SOCIAL CIRCLES.

Jefferson School Entertainment.
The entertainment given under the auspices of the Improvement League of the Jefferson school, Eighth and Harrison streets, was a splendid success yesterday and is being repeated again this afternoon. Principal J. T. Ross' room is being used for the entertainment and it was taxed to its capacity yesterday afternoon. The drills, songs, recitations and plays were given yesterday. The receipts will be used by the league for the benefit of that school building.

The Sewing Bee.

Miss Minnie Hillis pleasantly entertained the Sewing Bee on Thursday afternoon with a thimble party at her comfortable home, 326 North Ninth street. After several hours of needle work, a delightful chaffing dish luncheon was served. Those present were: Mrs. W. Carroll Latimer, of Atlantic; Miss Cain, of St. Louis; Miss Myrtle Decker, Mrs. Calhoun Kleke, Mrs. David Koger, Mrs. Andrew Campbell, Miss Sadie Paxton, Miss Helen Hillis.

Miss McNichols Hostess to Mardi Club.

Miss Mabel McNichols, 1112 Monroe street, will entertain the Mardi club on Monday morning at 10 o'clock instead of the usual Tuesday afternoon, owing to Miss McCandless' reception—luncheon, shower to Miss Decker at that time.

Magazine Club Delightfully Entertained.

Mrs. Earl Palmer was the hostess of the Magazine club on Thursday afternoon at her home on Jefferson street. It was an especially delightful meeting of the club and a beautiful home was attractively decorated with a profusion of dogwood blossoms. In addition to the club members there were a number of visitors present.

At the business session Mrs. Charles K. Wheeler, the president, announced the delegates to attend the State Federation of Women's Clubs at Frankfort in May. Miss Helen Lowry was appointed as substitute for the president, with Mrs. Will Bradshaw, Jr., as alternate. Mrs. Armour Gardner is the delegate from the club and Mrs. Earl Palmer is the alternate.

Several of the current magazines were interestingly featured. From the altarpiece Mrs. Wheeler gave a review of "Recent Discoveries in Medicine." Miss Kathleen Whitehead discussed "The Evils of Industry" from Everybody's magazine. Mrs. Victor Voris reported from the Literary Digest an article on "Whitman Compared With Other Artists."

A delicious salad and ice course luncheon was served in an attractively appointed manner at the conclusion of the reports.
Art Department Saturday Morning.
The Art department of the Women's club will meet in regular fortnightly session tomorrow morning at 10 o'clock at the club building. The program will include a discussion of the Spanish artists Ribalta, Zurbaran and Velasquez.

Miss Madge King, of Brookport, Ill., is the guest of Miss Elsie Rehkopf, of Fifth and Monroe streets, for a week.

Mrs. Clarence Bennett, of North Sixth street, has returned from a visit in Fulton.

Engineer Mike Kelly and Mrs. Kelly will leave Sunday for Fancy Farm and Mayfield on a visit to relatives.

Mr. R. N. Sutherland left last night for Pomona, Cal., on a visit to his sister, Mrs. Will Engert.

Miss Elizabeth Dow, of Seattle, is visiting relatives in the city.

Col. Jerry M. Porter, of Clinton, arrived in the city last night on business.

Mr. S. K. Holland, of La Center, arrived in the city last night on business.

Miss Edna McLaughlin will leave tonight for Cairo on a visit to relatives.

Mr. and Mrs. William C. Kidd and little daughter, Dorothy, and Mr. Clay Kidd returned yesterday from Bisbee, Arizona. Mr. Kidd, who is deputy circuit clerk, is improved, but is still weak, and will be unable to resume his duties for some time.

Mrs. Henry P. Fruit and little Miss Barbara Anne Fruit, 3140 Broadway, are visiting relatives in Hopkinsville.

Engineer Mike Kelly, of the Illinois Central, and Mrs. Kelly will leave Sunday for Fancy Farm and Mayfield on a visit to relatives.

Mrs. W. E. Crumbaugh, of Eddyville, is visiting in the city.

Mrs. C. E. Purcell and little daughter, La Verne, are visiting relatives and friends in Salem, Ky.

Mrs. William St. John and little daughter, Minnie, 1252 South Sixth street, left this afternoon for Danville on a visit to Mr. William St. John, engineer on the steamer Shiloh.

Mrs. Ruby W. Douyson, 820 North Sixth street, has returned from Kansas and Texas after an extended visit to relatives and friends.

Outfielder Harry Cooper, who was a star player in the closing season of the Kittys, has the baseball fever again, and if the Kittys is reorganized no doubt will again don a uniform. Since dropping baseball Cooper has been kept busy with ivory balls in a pool room. Cooper has gained flesh since scampering around in the outfield, but believes that he can work it off, and field in old-time form.

NO BAD FEELINGS SINCE

Lady Tells in a Few Well Chosen Words, the Story of Her Serious Illness, Finally Conquered.

Grand Haven, Mich.—"I was very sick, with dragging-down feelings, until I was ready to give up all hope," says Mrs. L. J. Ryder of this city. "I tried all the doctors here, but could find no relief, so I used your wonderful medicine, Cardul, and have had no return of pain, or bad feelings, since."

Cardul has relieved or cured so many ladies, in a similar manner to this, during the past fifty years, that a letter like Mrs. Ryder's is no novelty; such letter reach us in every mail.

From you, however, who are weak or sick, it merits special attention and serious consideration, since it seems to prove, on certain evidence, that a cure is possible in very serious cases of womanly trouble.

If you suffer from such troubles, what imaginable reason could there be, for your not at least giving Cardul a fair trial?

Cardul cannot harm you. It is likely to do you good. It has helped others, who suffered as you do.

Why should it not help you?

Please try Cardul.

If you need more information, ask your druggist.

He knows the Cardul reputation.

COSSACK ACROBATS

Charles Sasse, for seven years European agent of the Greater Norris & Rowe circus, has finally secured, after several years' attempts, the troupe of Cossacks and wild Russian acrobats and dancers which bears the name of the Stoloff troupe. These people are natives of the wild steppes of far off Russia. They acknowledge no sovereign and the czar of all the Russias is wise enough to let them alone.

The Stoloffs have never been conquered and know no master save the chosen leader of their own particular clan. They have a love of wild adventure but are seldom willing to venture into civilization, but Mr. Sasse painted the new country of America to them in such golden colors and offered them a salary that simply seemed princely, and so they determined to come. It is doubtful if they will remain long for they are already pining for their wild, free, fierce life of their native mountains. Norris & Rowe have put themselves under a heavy bond to return them to their native land at the expiration of the present circus season.

The exhibition given by the Stoloffs is said to be wonderful and marvelous in the wilderness of their customs and ceremonies. The men are super-naturally strong. Their daring feats of expert horsemanship arouse the wildest enthusiasm. The women play upon old musical instruments and are the most graceful dancers and acrobats this country has ever seen. Upon the elevated stage in the middle of the vast arena of the Norris & Rowe circus, the Stoloff troupe perform a series of strange contortions. The acrobatic feature is mingled with the singing and dancing and while it is all new and strange to this country, it is graceful in the extreme. While the Stoloff troupe is exhibiting everything else will come to a standstill, no other act being allowed to interfere with the full picturesqueness of it. The costumes worn by the troupe are wonderfully beautiful. The act will be exhibited here when Norris & Rowe's circus comes, Wednesday, April 20.

Cousins Marry Here.

Barred from marriage in Iowa, Miss Syble McIntosh and E. M. Stiles, first cousins, were married at the court house this morning by County Judge Allen W. Barkley. Cousins can marry in only a few states, and Kentucky was the nearest state, so they came to Paducah.

SCHMAUS BROS. AND FLORICULTURE

What This Progressive Flower Industry is Doing for Paducah—Business Covers 20 States—50,000 Square Feet of Glass.

Located in Paducah is one of the largest floral establishments in the U. S. in which some of the rarest blooms are developed. Even native Paducahans do not realize the magnitude of the Schmaus Bros' resources and business, and a representative of the Paducah Sun visited the plant to obtain accurate data concerning it. He found a most entrancing display of cut blooms, and remarking on the tremendous quantity of these, learned that Schmaus Bros are compelled to keep on hand, among other varieties, 3,500 carnations, in order to promptly supply the immense mail order trade which is exceptionally large in 6 or 8 nearby towns and important even in distant points. They cut 300 carnations daily and can always fill orders without delay.

"During the season we shall handle 25,000 geraniums, 10,000 canas of fine varieties, 1,000 callas, a tremendous stock of Easter lilies, and a big out-put of bedding plants which are of the finest varieties. The range of color in the hundreds of tulips is bewildering to the visitor, and the jonquills, daffodils and all members of the crocus family were represented in profusion, while English violets and less familiar varieties, such as weeping, Lantana, Cyperus, Alternifolius, Nephropsis, Pterocarpus and all varieties of ferns and foliage plants, besides flowering shrubs, palms and tropical varieties. Later in the season we shall produce many new varieties of asters, chrysanthemums, azaleas and kindred flowers of Japanese origin. The fame of Schmaus Bros, as rose growers has long since reached its acme in Kentucky and neighboring states, and hundreds of boxes of these beautiful blooms are shipped to various cities in Indiana, Illinois, Kentucky, Tennessee and Missouri. The different varieties include American Beauties, Bride, Hilde's Maid, Liberty and Richmond roses, hundreds of varieties in climbing roses, hardy plants for home growing and, in fact, an inexhaustible list adapted to all tastes and requirements. Within the past year the Schmaus Bros. have erected 2 additional greenhouses, one 42x160 feet in area and another which is used for storage plants, 32x72 feet in area. They maintain a dis-tinct house for the propagating of palms and ferns which require extreme humidity and tropical temperatures, also 4 houses for bedding plants, one large rose house, one house for propagating young stock, and 1 storage house for the accommodation of large plants. In their ornamental house Schmaus Bros. have grown 15,000 plants and their yearly output averages about 160,000 cut blooms. The rose house has an area of 32x160 feet. To insure the proper degree of heat and moisture they have installed a modern steam plant and laid 15,000 feet of steam pipe, and have 50,000 square feet of glass. They maintain a large force of experienced workmen and gardeners and have 6 delivery wagons and employ both phones. They are now compiling their 1910 catalog. Funeral designs, wedding decorations, etc., are produced and cut flowers and potted plants supplied for churches, halls and private social functions, and Schmaus Bros. give considerable attention to landscape gardening and their services in this respect are unusually appreciated. The Schmaus Bros. are Will and Henry Schmaus, respectively, who enjoy 10 and 15 years of practical experience and have mastered the majority of the important questions pertaining to the difficult art.

HAD DREAMS.

Nightmare, Restlessness, an Night-sweats all Caused by Indigestion.

Half of the nervousness in the world, all of the disturbing dreams and nightmares can be ended in a few weeks by a simple, inexpensive treatment.

Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritate the phrenogastric nerve that leads direct from the brain, and ends in a network of tiny branches running through the stomach.

It is also the irritation of this great phrenogastric nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know in what manner.

If you are nervous, have dreams or nightmare, and do not sleep sound at night, get a 50 cent box of M-O-N-A stomach tablets and take one or two after or with meals. They relieve distressed stomach in 5 minutes. Sold by druggists everywhere and by Gilbert's drug store, who guarantees them to cure indigestion or money back.

There are 43 inmates in the home at present. Good homes have been secured for seven children within the last month. The board of directors have given the contract to build an addition consisting of six rooms. This will be built with the money left by Mr. William Bornemann. An up-to-date heating apparatus will be installed with the proceeds of Block Day, amounting to \$1,080. The growing demand for more room has made it necessary to build, so that the inmates could be made more comfortable.

A Statue's Diving Feat.

During the destructive San Francisco earthquake, says a writer in the Wide World magazine, the magnificent buildings of the Leland Stanford university suffered severely, and one of many statues was hurled bodily from its base, diving head first through the solid stone pavement, where it remained imbedded. The statue represented Agassiz, the eminent Swiss naturalist, and a univer-

sity wag was heard to declare that the scientist was "excellent in the abstract, but very bad in the concrete."

"What kind of a man would you like for a husband?"
"Oh, either a bachelor or a widower. I'm not particular which."—Universalist Leader.

UP TO CHILDREN

THEY MAY SOLICIT FUNDS FOR HIGH SCHOOL GYM.

Committee of Commercial Club Cancasses Possibilities of the Situation.

It is up to the people if a gymnasium for the school children is built. The special committee from the Commercial club met last night at the Palmer House and it was agreed that a public subscription was the only available means of raising the money. All the members of the committee favored the gymnasium.

It was considered impracticable for the Commercial club to bear the expense of the gymnasium, while equally at a disadvantage would be the canvass made by the committee. Superintendent Caraway said that a

building 50x50 feet with a first-class floor could be erected at a cost of about \$2,500. In many places he said public spirited citizens have erected gymnasiums and named for them in memorial. The committee is willing for any citizen of Paducah to respond in a like manner, but this solution is hardly expected.

Mayor Smith offered a suggestion that a sinking fund be started. He admitted it might take several years to accumulate enough money for the building, but it would be sure, and the fund might be increased by pro-

ceeds derived from entertainments by the school children.
School Trustee H. S. Wells suggested that all of the pupils spend one day canvassing, and he believed that the children could solicit a greater part of the necessary fund. Mayor Smith added the suggestion that the school children line up in a procession with a band in the lead and march over the city. He said he believed it would cause the citizens to open their purse strings quicker than the visit of a committee. The plan was agreed upon, and more complete arrangements will be made later.

CONFEDERATE VETERANS WILL GO TO MOBILE, ALA.

A large crowd of Confederate veterans and their friends are expected to attend the annual reunion in Mobile, Ala., this month. Special rates have been made by the Illinois Central and the Nashville, Chattanooga & St. Louis railroads. The Nashville, Chattanooga & St. Louis railroad will run a special train out of Paducah leaving at 11:30 o'clock, April 25 and reaching Mobile the next morning. A sleeping car will be attached to the train.

Suits Filed in Circuit Court.

Henry Temple, Jr., filed suit against T. W. Luttrell and Mary Luttrell for \$500 alleged to be due on a promissory note. For the satisfaction of the debt he asks the sale of land located in the county.

Alleging that she fell through the floor in the store of the Eley Dry Goods company, 216 Broadway, while a customer, Mrs. Elizabeth Hanks has filed suit against R. L. Eley, proprietor of the store, and Mrs. Florence Macquol, owner of the building. She sues for \$2,650. She says on January 25 she entered the store and was walking to the rear of the building to see some goods, when the floor gave way. Her left leg she alleges was fractured and the kneecap fractured. She says she expended \$150 for physician's services, \$25 for medicine, and she will be a permanent cripple.

A New Clothing Store

Yes, a NEW store in all the outward essentials. New stocks, new fixtures, new in every respect but the time-tried old HARBOUR policy, which is: "MAKE GOOD OR GIVE THE MONEY BACK WITHOUT A QUESTION."

We cling to that as a nation to its flag, for it is the symbol of our success; it tells, in a phrase, why we have made good so largely.

The new clothes we are telling you about are

Griffon Clothes

At \$15

They're the best value at anything like the money we have ever seen—the best you have ever seen, too. Every thread in them pure WORSTED—not just "all-wool," mind you, for that means comparatively little. Worsted is woven from the pick of the product. It means that the longest, strongest fibres are chosen for the cloth—and that means you get substantial WEAR for your money. Handsome styles, too. Nifty enough for the young fellows and quiet enough for their elders. Next suit should come from

KITTY LEAGUE

MEETING WILL BE ATTENDED BY PADUCAHANS.

Chief Harry Lloyd will attend the meeting of the baseball promoters, who will attempt to revive the Kitty League, in Evansville next Sunday as the official representative of Paducah. He was agreed upon by the baseball fans in the city, and will go with the assurance that Paducah will be in the league if the promoters are successful in organizing the league. Korney Murray will accompany Chief Lloyd, and probably one or two more fans will attend. They will leave Sunday morning at 1:30 o'clock and will return early Monday morning.

Mr. Will E. Cochran, who is president of the temporary organization, could not attend the meeting. R. J. Wathen is acting manager of the proposed team, and has received a regular assignment of letters every day from ball tossers who are eager to sign up in the Kitty. The weed ing out season in the league is on now, and hundreds of players are being turned loose to look for jobs in the smaller leagues. Already Mr. Wathen could employ ten players, who, with the local material, would form about as good a team as any of the cities could organize on short notice.

If the league is organized next week a meeting will be held to effect the permanent organization of the Paducah team and management as well as take care of the financial side of the team.

Prof. William Deal returned this morn-
ing from Marion, Ill. Fans he will hear later,
there were sanguine, but rain last
night spoiled the meeting he had plan. Rotten wood cannot be carved.

U. C. V. HONORS DEAD.

Clement A. Evans sends out General Order.

New Orleans, April 15.—By command of Gen. Clement A. Evans, commander-in-chief of the Confederate Veterans, Gen. William E. Nicksie, adjutant-general and chief of staff, issued the following general order:

"The general commanding announced that after the convention to be held in the city of Mobile is fully organized for business on the second of April 27 instant, exactly at high noon, in accordance with the custom which was reached at the Charleston convention and which has since been duly observed, memorial services

will be held for one hour. At that moment the convention will suspend business for this sacred purpose, without further notice and without regard to what is then taking place, and the flags will be draped in mourning as a mark of respect to the memory of the beloved and only daughter of the Confederacy, our commander-in-chief, zealous chaplain general and of all our comrades who have preceded us into eternity. In order to make the service more impressive and enlist the interest of all the ladies of the Confederate Southern Memorial Association will have no separate exercises, but will join with the veterans.

"The number of our dead has been greatly augmented during the past year by the following distinguished leaders:

"Maj. Gen. Robert Lowry, brigadier general, C. S. A., and commander Mississippi division U. C. V.; Mrs. J. Addison Hayes, daughter of our only president; Maj. Gen. Zimmerman Davis, commander South Carolina division, U. C. V.; Maj. Gen. Paul A. Fusz, ex-commander Northwest division U. C. V.; Brig. Gen. E. G. Willet, assistant quartermaster general U. C. V.; Col. J. B. Cowan, M. D., assistant surgeon general U. C. V.; Col. R. E. Park, aides on staff of commander-in-chief."

SHIPMAN HAS HAZY MEMORY

INDORSES \$5,000 NOTE THEN FORGETS IT.

Harvey D. Goulder Accused of Dodging to Avoid Going Back on Associates in League.

WAS THE FORMER PRESIDENT.

Washington, April 14.—"You dodged to avoid going back on your associates of the Merchant Marine League of the United States," was the thrust passed to Harvey D. Goulder of Cleveland, Ohio, former president of the organization, by J. H. Ralston, attorney for Representative Steenerson, at today's ship subsidy investigation.

Mr. Goulder, William Livingston of Detroit, Mich., and Second Assistant Postmaster General Joseph G. Steward were today witnesses at the select committee's inquiry into the charges that the league had reflected upon the integrity of Mr. Steenerson and other members of congress in connection with ship subsidy legislation.

Mr. Goulder testified he had indorsed a note for \$5,000, which he had placed in a bank to the credit of the league, that he did not know the source of the note, whether it came from membership dues or whether it came from the officers of the league themselves. His memory was hazy but he thought the note might have been put up in the bank to anticipate the membership dues, so as to have credit to meet expenses.

The officers and members of the league, Mr. Goulder insisted, in urging legislation for the encouragement of the merchant marine were actuated by purely patriotic motives and for the country's weal.

The witness admitted he had some savings invested in lake vessels engaged in general traffic. He is attorney for the Lake Carriers' Association, representing more than sixty per cent of lake traffic.

Mr. Goulder said he had no reason to believe that congressmen had been subsidized, such matters had never entered his head.

He said he had no reliable information about ships having been built at Cleveland for Pacific ocean service and when asked if that could not be repeated, said he had heard a ship builder say that it was impossible.

Representative Kustermann of Wisconsin also mentioned in connection with the published attacks, prodded the witness. He asked if he did not know that the league opposed everything that did not contemplate a subsidy. Goulder replied that he did not recall.

Goulder Indignant.

Of the other witnesses Mr. Livingston denied that the league was an organization of interested persons, so far as an expectation of pecuniary profit was concerned. It was sheer patriotism, Mr. Stewart discussed data as to ocean steamship lines.

Just before the committee adjourned until tomorrow, Attorney Ralston stated his belief that a large number of the officers of the league are directly interested in the passage of the ship subsidy bill by reason of their business connections.

"Mr. Goulder," he said, "has avoided going back on his association by not making a frank disavowal, which it was his duty to make. With such charges made, he should either avow or disavow. He dodged."

Mr. Goulder indignantly replied he had not dodged and did not even know what the charges were.

Money Comes in Bunches

to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness and general debility," he writes, "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at all druggists.

Mississippi Hospitality.

"Mississippi is full of characters like Senator Gordon," said J. C. Lowry of New Orleans.

"The men are gentlemen of the old school, of the era before the war, when every planter in the state who owned slaves rolled in wealth and lived like a lord. These conditions bred a race of men who never will be surpassed for hospitality and courtesy."

"In almost any part of Mississippi, in the country districts, it is the custom of travelers to stop at the dinner hour at the first plantation they come to. Even if a perfect stranger to the planter the traveler knows that he will be received as an honored guest, his horse fed and taken care of by the numerous darkies around the place, and himself regaled with the best that the wine cellar and the planter's table affords. He always is pressed to stay for supper and the night, and when he departs the planter and every member of his family is genuinely sorry that the guest will not stay longer. The hospitality is unbounded. Nothing is too good for the stranger!"—Washington Post.

METHODISTS PLAN MERGER.

Southern and Northern Church Representatives Meet in Cincinnati.

Cincinnati, O., April 1.—Six bishops, six ministers and six laymen delegates representing the Methodist Episcopal church, North and South, are gathering in Cincinnati. These eighteen men will tomorrow begin sessions that are designed to arrange a plan for a federation that will include more than 5,000,000 Methodists in its membership.

A Methodist federation of Northern and Southern Methodists, talked of for years, seems now to be nearer achievement than at any time since the Methodist Church South, became a separate organization.

Bishop E. E. Hoss, of Nashville, Tenn., who addressed the Evangelical Alliance, was the first of the southern bishops to arrive. Bishop James Atkins, of Waynesville, N. C., and Bishop A. W. Wilson, of Baltimore, are the other southern bishops to attend, while the bishops for the church north are Bishops John M. Walden and Earl Cranston, already in Cincinnati, and Bishop L. B. Wilson, who is coming on from Philadelphia.

It's a Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of Throat and Lung Remedies. Every storm is a health force. It kills germs, and colds and la grippe vanish. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. George More, Black Jack, N. C., writes "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.

Broken Vows.

"Judge," said the early visitor, who was waiting at the lawyer's door, "I want to ask you something. Before my wife married me she said time and again that she wouldn't have me on no conditions."

"Well, she changed her mind, it appears."

"Yesuh. An' what I wants to know is, kin I have her arrested full false pretenses?"—Washington Star.

Frightful Fate Averted.

"I would have been a cripple for life from a terrible cut on my knee cap," writes Frank Dismery, Kollher, Minn., "without Bucklen's Arnica Salve, which soon cured me." Infalible for wounds, cuts and bruises. It soon cures Burns, Scalds, Old Sores, Bolls, Skin Eruptions. World's best for Piles. 25c at all druggists.

The trouble with the unexpected is that it too often refuses to happen.

How a Frenchman "Speaks."

Watch two men in a restaurant, if they are English, they may be engaged in conversation during the whole of the meal. But it is a quiet, well ordered dialogue, nothing of which reaches those at the next table, and the conversation is not allowed to interfere with the business in hand, which is eating. Suppose, however, that two Frenchmen are lunching together. Whichever of the two is doing the talking soon lays down his knife and fork. How can he explain to his vis-a-vis what happened unless he has his hands and arms free, unless he acts the story? And he always acts it well. I confess I like to hear—and see—a Frenchman tell a story. It is as good as a play. It is better, for it is natural. He leaves out nothing; you get the words, the expressions, the movements of the person concerned, and if there are several persons, the raconteur acts them all with equal skill. When an Englishman is asked to sing or recite before strangers, his first impulse is to decline. His natural timidity, his disinclination to show off, his reluctance to "play the actor," all tend to make him keep his seat. But if a Frenchman is requested to "contribute" a musical or

dramatic selection, or to make a speech, it is rare to find him refuse. Why should he? He has been taught from his childhood that to sing and act and orate are as natural as taking his meals or drinking a glass of wine, and he has no difference to contend with. He is a born actor.—Paris Correspondence London Globe.

The Bed-Rock of Success

lies in a keen, clear brain, backed by indomitable will and resolute energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harmon, Lismore, W. Va., writes: "They are the best pills I ever used." 25c at all druggists.
